India Set to Become One of the Largest Digital Mkts: Goyal

New Delhi: India is poised to become one of the largest digital markets in the world and the industry can leverage the high-speed Internet to make the country a fintech innovation hub, commerce and industry minister Piyush Goyal has said.

"I believe India is poised to become one of the largest digital markets with rapid expansion of mobile and internet networks," he said, adding that as India aims to become self-reliant, industry and entrepreneurs should use local talent to produce globally marketable solutions.

The minister said under the National Broad-

Minister

band Mission, soon every village in India will have high speed internet and this power can be leveraged to make India a fintech innovation hub. He said fintech today

Investment inflow in the finructures. tech sector has huge potential

"Investment inflow in the fintech sector, which has gone up to \$10 billion since it started in 2016. has huge potential to up the game, it will simul taneously enhance customer experience. Your strength will be aug-

mented by the world's third largest startup ecosystem, which is hungry for growth," he added. The minister pointed out that the country's fin-

tech industry came to the rescue of people during the lockdown and the second wave of Covid, promoting contactless banking. Addressing the 2nd Global Fintech Fest 2021 through video conferencing, he said, "At 87%, India has the highest fintech adoption rate in the world against the global average of 64%". "As of May 2021, India's United Payments Inter-

face (UPI) has seen participation of 224 banks and recorded 2.6 billion transactions worth over \$68 billion and the highest ever, more than 3.6 bil lion transactions, in August 21," he said.

"Over 2 trillion transactions were processed using the AePS (Aadhar-enabled payment sy-

stem) last year," he added. Goyal said India was today one of the fastest

Natural Gas Price Hiked by 62%

Our Bureau

New Delhi: The price of domestic natural gas jumped 62% while the price cap for gas from difficult fields jumped 69% in the latest price revision by the government on Thursday.

months through March would be \$2.90 per mmBtu and the price ceiling for gas from deep sea and high pressure, high-temperature fields would be \$6.13 per mmBtu.

This is a big gain for gas producers such as ONGC, Oil India, Reliance, and BP while it would pose a challenge to consumers. High prices would boost profits for producers, and prompt gas marketers

distributors.

to pass on the increased cost to consumers like fertiliser, power, and city gas Prices of piped gas used in kitchens or indu-

stries as well as compressed natural gas (CNG) used to power vehicles will rise sharply. Analysts expect city gas distributors to raise CNG prices by about 10%. The rise in domestic gas

prices would also boost electricity rates. Domestic natural gas price, which is derived from a government-set formula that factors in rates from some of the key gas markets in the world, is applicable to most locally-produced gas. Price ceiling for gas from difficult fields is

linked to alternative fuels. Both prices are revised every six months.

'Health Workers Deserve Special Recognition For Service'

Ashetesh.Shukla@timesgroup.com

Bhopal/Jabalpur: Modbys Prodesh high court has taken a letter written from a surgeon in Salma dis-trict to Chief Justice

tion Act, 2006, to deter at tacks on medical personnel. Health workers deserve special recognition for their services to society, a division bench, headed by Chief Justice Rafiq, said. The court told the govern ment that it could, if needed, incurporate amendments made in the Epidemic Diseases Act 1997 in 2020 to ensure security of ductors and paramedical staff during

the Corona pandemic.
The doctor who wrote the letter, San juy Mahoshwari, is a victim of violence. He was allegedly assuulted by the relatives of a patient, who was untered in an accident and died during treatment. The family also filed an FIR against Dr Maheshwarf and some hospital staff. Booked for culpable homicide, the doctor had to spend jail time. He then wrote to the Chief Justice for better protection to doctors. Counsel for the state government told the court that the dispute was tripgered by a "delay" in treatment of the ac-cident victim. The ball pleas of the doctor and other hospital staff were-denied by a sessions court in Satna, but later they were granted bail, the counsel said. The alleged attackers were also booked under IPC and Doctors' Protection Act-2008, the government lawyer asid, arguing that since it was a dispute between two par-ties, the doctor's letter cannot be treated as a PIL. The judges, however, said they couldn't ignore the repeated attacks on medical staff."Though the matter has been registered as a PIL on a letter from the petitioner, who was beaten and evenrually indged in Jall, thus showing his personal involvement, this court cannot

lose night of the fact that mishebovious abase, manhandling and, often, beating of doctors and paramedical staff by pa-tients' attendants has become a regular Stature," the HC noted. The judges point-ed out that this tendency was noted even during the second wave, and the government had to amend Epidemic Diseases Act to mager the safety of doctors, pura-medical staff and other health workers. This court directs the state government to revisit the provisions of the 2008 Act by inviting suggestions from all the staic indeers on how it can be made more effect tive so as to deter such crimes against doctors and paramedical staff. The state government may consider incorporating some parts of the amendments introduced in Euidemic Diseases Act in the 3000 Act to provide more teeth to this en actinent and make it really effective with the purpose of containing recurrence of such unsavoury incidents with doctors and paramedical staff whose services de serve recognition," court said,

SC recommends 4 names for elevation as Orissa HC judges

Collegium Sends Centre Names of 2 Advocates, 2 Judicial Officers

Latmohau Patnaik | 1999

Cuttack: The Supreme Co urt collegium, led by Chief Justice of India (CJI) N V Ramana, has recommended four names for elevation as Judges of the Orisan high court to the Centre.

In a meeting held on September 29, the Supreme Court collegium had approved the proposal for the elevation of two advocates, Aditya Kumar Mohapetra and Mrugunka Sekhar Sahoo. and two judicial officers. Radha Krishna Pattanalk and Sashikanta Mishra, on official statement issued on Thursday said.

While Rudha Krishna Pattanaik is currently the secretary of the law deport-ment, Sashikanta Mishra is the district judge, Ganjam. Aditva Kumar Mohaputra is

a high court lawver and Mruganka Sekhar Sahoo is an additional government advocate in the high court.

Earlier in a meeting on eptember 16, the Supreme Court collegium had recommended the transfer of Justice Saniava Kumar Mishra from Orissa high court to Uttaraichand high court and stice Soumon Sen Arindam Sinha from Calcurta high court to Orissa high court and Justice Jaseant Singh from Punjah & Harvana high court to Oris-

The problem of a large number of vacancies in the poets of Judges in the high orthas pensisted owing to the tardy process of appointment. Only five judges have been appointed in the past

six years and five months.

The last to be sween in was Justice Savitri Rathoon nistrahi took oath of office after his appointment was notified on Pebruary 7, 2020 Routray topped office after his appointment was notified on November 7, 2019.

The two other appointments in the past nearly six years and five months were made on November 19, 2008 histor A. K. Mishm) and April 17, 2013 (Justice K Rhiobapatrio.

The collegium system is a nystem under which appo intmenta/elevation of judges/lawyers to Supreme Co urt and transfers of judges of high courts and upes or urt are decided by the C.H. and two justices of the Supreme Court.

'Rain deficit wiped out'

Tissue News Nerwork

Bhuhaneswar: The India Meteorological Depart-ment (IMD) declared this year's monsoon in Odisha to be "normal" with 70 per cent excess rain this month till Thursday.

"The excess rain in Sep-tember in the state this time was the fourth highest during the month in past 100 years," said H it Biswas. director of the DID regional centrebers. He added that Odisha

had recorded highest III per cent excess min in September 1965. Biswas said, overall, on

lysix of 30 districts, namely Jharsupata, Sambalpar, Bolangir: Nawarangpur, Kalahandi and Jajpur, now face marginal value deficit of 20 to 30 per cent. Only two districts - Jagatsinghpur and Puri - recorded an excess of 29 and 22 per centruinfall respectively, during the season. He also said the withdrawal of mensoon from the state would be de-

The IMD director said

compared to sharp 44 per cent rain deficit recorded in August, excess ruin in September helped compensate the sensors overall monsoon rain deficit. Even though state recei

ved close to normal rain in the first two months of monsoon, in August, sharp rain defielt had enused a drought-like situation. The last assembly session saw serious debate over the issue, while the state government tried to defend it.

Meanwhile, the IMD further forecast movement of a well-marked low-presstave system from north Odisha to Jharkhand. The rewill be only light to mode-rate exinfall along with thunderstorms at many places for the next two days, the forecast added.

30% girls enrol in ITI courses

Titues News Network

Berhampur: For the first time in the institute's history, around 30 per cent girls took admission in different tra-des at the government run industrial training institute (ITI) here. This year, 400 girls, of altogether 1,351 stu-dents, enrolled in almost all 22 courses, offered by the institute, where the admission process for the current session ended on Wednesday.

"With this development, now one third of the total graduates, passed out with technical education background, are women. This was the objective of the state government that the ITI has ralfilled," said the institute's principal Rajut Kumar Panigrahy Chief minister Naveen Patnaik had stated the government's objective while having a discussion with a United Nations dignitary last week

In 2000-21, around 21 per cent girls had enrolled in the ETL while in 2009-20 and 2009-18, 16 and 14 per cent girls, respectively, had taken admission, Panigraby added.

Bridging the yender gap

More garls are preferring to take admission to the me chanical sector, which once was considered as the "boys" field". This year, total 80 girls took admission in the fitter course, while II would pursue mechanics and five students opted for the turner trade in the mechanical see tor Besides, girls also took admission in other courses like electrician, automobile, instrument mechanics, computer operator and the

"It was an encouraging trend, which shows change of attitude among students to close the gender gap," Panigraby said. He added that good place

ments by private firms is a major reason for the popularity of their courses.

Known for their knowledge and skills in repairing musical instruments, the brothers earn tremendous respect among musi-cians, singers and musical instrument owners.

The sale of harmonium has declined by almost 50 per cent over the past three decades. The advent of electronic keyboards and rising demand for western music made the traditional musical instruments rapidly lese their importance. We are still in this profession for our lave for music and musical instruments," said Dilip.

"Traditional musical instruments could disappear from the district. It is a us," said Dillip added.

RANJIT SINGH MURDER CASE

CBI counsel transferred to Bhopal

Rajinder.Nagarkoti1@timesgroup.com

Chandigarh: The Central Bureau of Investigation (CBI) connoci in former Dera manager Ranjit Singh's murder case, Daljeet Singh Chawla has been transferred to Bhopal. Dera Sacha Sauda chief Gurmeet Ram Rahim is a key accused in this case, one of the oldest murder cases in Harvana.

The transfer order issued on September 29. by the CBI administration division reads, "On the recommendation of the Junior Establishment Board and approval thereon of the competent authority, Dalject Singh Chawla, Senior Public Prosecutor, SCB, Chandigarh, is transferred and posted at CBI, ACB, Bhopal, in the same capacity, with immediate effect, in public

interest till further orders." Chawla was assisting CBI special public presecutor H P S Verma in the Ranjit Singh murder case. The Punjab and Haryana high court had recently restrained special CBI court, Panchkula, from pronouncing the final verdict in Ranjit Singh murder case. The matter is pending in the high court and scheduled for he-

aring on October 1. The matter had reached the high court in the wake of a petition filed by Ranjit Singh's son Jagseer, who had sought directions to transfer the case to some other CBI Judge in Haryana, Punjah or Chandigarh. A resident of Khanpur Kolian village in Kurukshetra district, Jagseer, 27, had stated that he has a reasonable apprehension of the judge being unduly influenced by the accused through respondent No. 2 (K P Singh, public prosecutor of CBI), who is a CBI public prosecutor in other cases but not in this case. The potitioner alleged that this prosecutor takes undue interest and wields undue influence on special CBI judge, Panchkula.

The petitioner had also claimed that CBI public presecutor K P Singh was previously posted with special judge Sushil Kumar Garg when he was posted in Chandigarh and after his transfer to Panchkula, he has been interfering in the administration of justice and is influencing the entire proceedings despite there being two other special public prosecutors appointed specifically for the trial. The plea in cluded an allegation that KPSingh has been attending the court even on Saturday, which is not a court working day.

SC recommends Moudgil's name for elevation as judge

Chandigarh: The Supreme Court (SC) collegium has recommended advocate Sandsep Moudgil for elevation as the judge of the Punjab and Haryana high court. However, a final decision regarding approval of his appointment as HC judge would be taken by the Central government. A decision in this regard has been taken by the SC collegium in its meeting held on Wed-

neutry. Earlier on September 1, the SC collegium had recommended four other HC lawyers -- se nior advocates J S Bedi, Pankaj Jain, Vikas Suri and Vinod Sharma Bhardwaj - for elevation as HC judge. Now: a final decision regarding their elevation is taken by the central government.

It is only after the approval of the Centre, final warrants of appointment of these lawyers as HC judge would be issued by the President of India. If these five names are cleared by the Centre, the total strength of the HC judges would reach 50 as against the sanctioned strength of 85 judges. At present only 45 judges are wor-

Efforts on to have 1 PG med edu college in every dist: PM

'Gap In Med Education, Delivery Of Health Services Is Being Reduced'

Jaipur: The government is making efforts to ensure each district of the country has a tion for post-graduate medical education, Prime Minister Narendra Modi said en Thursday.

He also said the gap in medical education and delivery of health services (sheing reduced and that the government's focus is on preventive healthcare as well as promoting asurveda and yoga.

In six years, more than 179 medical colleges have been medical colleges have been completed and work on over 100 new medical colleges is going on at a fast sace. Modi said at a irtual ceremony to mark the foundation stone laying of four medical colleges and inauguration of the Institute of Petro-Technology

Bugasthun. "The Centre is making efforts that there should be one edical college or institution for PG (post-graduate) medical education in every district," he

PM Modi said the government was finally able to bring reforms by forming the National Medical Commission in place of the MCI

Talking about the erstwhile Medical Council of India (MCI), he said that questions used to be were allegations on its transparency These had an adverse impact on quality of medical education and delivery of health services, the prime min-

the MCL The impact of the commission is now visible. Prime Minister Modisaid,

Modi said when he becau chief minister of Guiarat 20 years ago, there were many challenges in the areas of medical infrastructure, medical education and treatment facilities. but he accepted the challenges and tried to change the situa-tion with collective efforts.

He said the shortcomings in the health sector, which he felt as a chief minister, are now being removed in the country The Centre worked on a rus-

tional approach and a new national policy to transform the builth sector, Modi said.

Tiestth is a state subject and know what difficulties are there, because I was also a chief minister. We worked on that. The problem here was that the health system was divided and there was a lack connectivity and collective approach at the national level, he said.

"There was also a gap in traditional and modern medicine

systems, and the shortcomings in governance also needed to be rumoved. Therefore, we started working on a new national health-policy," he said.

Jaipur: Prime Minister Norendra Mo di on Thursday said mutual trust de spite different ideologies is the strength of democracy Responding to Rajasthan Chief Minister Ashok Gehlot's requests regarding a few projects for the develop-ment of the state during a virtual programme, Modi thanked the veteran Congress leader for having forth in him.

'I was listening to the chief minurisc of Rajasthan. He has given a long list of projects. I thank the chief minister of others that he has so much faith in me.His ideology (political) party are different and my ideology party are differ ent but this friendship, troot and faith is

abigstrength of democracy," be said Addressing the programme for the frandation laying of medical colleges in Banswara, Strohi, Hanumangarh and Duese districts and the Imaguration of the Institute of Petrochemicals Tech nology in Jaipur, Gehlot requested the prime minister to approve a medical de vice park in Jodhpur and a bulk drug park in Kota. He also sought the Union government's support to revice drugmanufacturing company RDPL which was a joint venture of the Centre and the state. Talking shout the challenges in service delivery, Gehlot said due to dis tances, the service delivery cost, be it in health or in the education sector, from district to district and village to village is high in Rajasthan as compared to oth

Consider resident OCI's children for | ED confiscates ₹13lcr admission to MBBS courses: SC

Dhanesjay.Mahapatra

New Delhi: The Supreme Court on Thursday asked the Notional Test ing Agency to declare the NEET UG results of children of resident-Overseas Citizens of India (OCIs) and or dered the authorities to consider them for admission to MBBS courses in government medical colleges.

This order from a bench of Jus-tices S Abdul Nuseer and Krishna Murari came on a bunch of pet-itions filed by children of OCI parents, who have been residing in In-dia for the past seven to 17 years, challenging a notification barring them from competing for general category MBBS sents in government medical colleges.

Appearing for the petitioners, se-nior advocates. Vilius Singh and Devadatt Kamat told the bench that after the new notification of the government, "the probability of getting a medical seat has gravely dimin-shed, rather vanished and even if they get one, the same would come at such an excebitant cost (running into crores), that their parents, who are all working in India for the past

The resident-OCI parents' children had said that fees of NRI seats are exorbitant and for their parents to bear the sudden astronomical increase in cost would be impossible

more than a decade and who are earning in Indian rupees and also paying toxes, would not be able to affirst the same, hence practically making it impossible to pursue their careors in what they aspire and long for Le. medical profession."

After hearing additional solic-itor general Aishwarya Bhati, the bench told the OCI petitioners. "You want to base the best of both countries. Though you have been staying in India for 7-8 years, you have not taken up Indian citizenship, which makes your allegiance to the country suspect. Non-liesident bullans that way are better. Though an NRI works and same abroad, he main-tainshis allegiance to the country"

"The other possible fear of the

povernment emunates from the fact that since you have not given your citizenship of a foreign country, your children will use the resources (medical seats) of India and then run away to the foreign country to earn more," the bench said before allowing the children of resident OCIs to be considered for admisions against general category seats for this academic year only.

The resident-OCI parents' chil-dren had said that fees of NRI sents are exorbitant and for their parents to bear the sodden astronomical in crease in cost would be impossible and even if they are able to make suitable arrangements, that would make them totally broke.

The petitioners said that their parents are working in India, and some of whom are rather Indian ci-tizens, and they are also contribut ing to the growth of the country earning salary in Indian rupees and paying direct and indirect taxes to the nation. Some of the petitioners, though their parents are lociton citizers, are OCIs since they were been out of India when their parents were posted for work or education

'Border incidents will continue till a boundary pact is reached'

New Delhi: India and China will continue to have border incidents till the two countries reach a boundary agreement, Army chief Gener-al M. M. Naravame said on Thursday, while stressing the armed forces were well-prepared. to tackle any 'misadventure' on the line of actual-control

The Indian armed forces are also keeping close tabs on the developments in Afghanistan after the Tabban take-over in mid-August, with the Army being fully ready to thwort any terror challenge in the backdrop of Pakistan trying to push in more terrorists into JA-K. Developments along the LAC (in eastern

Lodalch) have added to the ongoing legacy chal-lenges on India's active and disputed borders on the western and eastern fronts," said Gen Norsthe PHDCCI. The unprecedented developments necessitated large-scale resource mobilisation, orchestration of forces and immediate response by the Indian armed forces, and all under the overhang of the Covid-19 pandemic,

Noting that there was "an outstanding border issue" with China, the Army chief, "We are well prepared to meet any misadventure that may occur as we have demonstrated in past."

Such kinds of incidents will continue to oc-

lution is reached - that is to have a boundary agreement. That should be the thrust of our efforts so that we have lasting peace along our northern borders, "headded.

Asked about the Pakistan-China nexus in Afishanistan, Gen Naravane sald India continues to carry out periodic evaluation of threat perceptions. "Based on those evaluations, we ulate strategies and doctrines that are needed to meet future threats. This is a continuous process that never stops." he said.

As far as the terrorist threat is concerned the Army is "ready to meet" all challenges. "We have a very robust and dynamic counter-insurgency and counter-terrorist grid in J&K. It is a dynamic grid based on threat perceptions and neighbour (Pakiston) to pash in more and more terrorists," he said. Referring to the need to invest and induct "new and disruptive technologies", the Army chief said the that 'Song-drawn procurement processes and bureaucratic speed-breakers" would prevent the military from acquiring cutting edge technologies. Though much efforts have been made to bring about systemic changes with the aim of ease of doing business, it however remains a work in progress.

India understands AUKUS complements Quad: Oz PM

New Delhi: Australia says both India and Japan under-stand that AUKUS comple-ments the Quad and support the security pact.

In a press conference with Indian media in Australia, Prime Minister Scott Morrison said, "There was a very warm embrace of the AUKUS announcement by our Quad partners, Narendra and Yoshi (Yoshihide Suga) totally undecistood and supported what we were seeking to arbieve there. And they totally were positive about how it comple mented the Quad."

The AURUS partnership, stressed is a "security and defence partnership" among formal allies.

"So what was great in the

Quad when I spoke to both Prime Ministers before the anstinctive nature of that Quad partnership. We sort of all region in such binary terms."

and how we're operating. Morrison said he was preparing for a visit to New Delhi

That will be particularly important because it marks a significant milestone of India's 15th year of independ-ence. Australia would very much want to be there to mark such an important milestope for such a dear and close friend."

Answering a question on China's reaction to the Quad, Morrison said, "Our objective in working together is to ensure that we promote a free and open Indo-Pacific, and every body who wants to participate in that, including China, is a welcome partner in that couse. We don't really want to see the

nouncement, the day before, they were pretty much there at hello. They totally understood it, understand its strategic signiffcance, the direction, how it was going to help and add to what we're all doing. And I thought that was very positive. I think that just showed the in-

NMC earmarks ₹30cr to repair roads battered by Sept shower

TIMES OF INDIA - KOLHAPUR EDITION

Nashik: The civic body has earmarkedRs30 crore for re-turring of the rain-battered roads across the city.

Nashik Municipal Corporation (NMC) commissioner Kaihas Jadhay told TOI that the work would start after the rain completely receded. He said. "We have already earmarked

now temporarily filling up the potholes with construction waste or murum. The re-turring work will start after the rain

stops completely," said Jadhov. Jadhay said, "We have already carried out the tender procoss and finalized contractors to repair the reads. We will scon start road repair works acrossthe city roads." al thut are of no use," he said.

The rain in September had battered the roads of the city making commuting a nightmare. Social activist Sachin Ahire said the NMC had temporarily filled only 10% potholes on roads with murum and construction waste, "We want the civic administration to spee cold mix to fix the potholes instead of using murum or construction materi

2nd wettest Sept in 27 yrs cuts monsoon deficit

Neha Madaan & Vishwa Mohan @timesgroup.com

Pune/New Delhi: Above nor mal rainfall this month, which turned out to be the second wettest September in the past 27. years, bus almost bridged the deficit of the monsoon senson with the cumulative rainfull showing the gap to have nurrowed down from 9% on August 31 to just 1% on Wednesday, indicating the four-month season may be logged as 'near normal'

With one more day left for the month to end. September has recorded 34% excess rains at ZZIenm (September 3-29) against a monthly normal of 166.6mm. The best September interms of monthly rain for the country after 1815 was in 2019. when India recorded an excess of 52% during the month.

September 1963 had recorded 36.9% excess rain, after which September 2019 and 2021 have received the highest monthly rain Consecutive low pressure systems over the Bay of Bengal caused September to get excess rains, causing the sessional monsoon rain for 2021 to touch the near-normal level despite a deficient August. India's mensoon rain on the whole touched \$67.8mm till September 28

₹632Cr Projects Launched In Kanpur, Unnao

Kanpur: Chief Minister Yogi Adityanath said here on Thursday that the mantra of 'sabka saath sabka vikas aur sabka vishwas' has been turned into a reality by bringing changes at the ground level. Yogi inaugurated projects of Rs 550 crore of various government departments in Kanpur.

"We ensured uplift of every section, every person, without discriminating on any basis. As a result, state (Uttar Pradesh) today is playing the leading role in remoulding the Indian economy and is ready to meet the aspirations of its 24 crore people," the CM asserted. The CM, who arrived at the

CM Yogi orders better healthcare facilities in cholera-hit districts

TIMES NEWS NETWORK

Lucknew: Chief minister Yogi Adityanath on Thursday directed the officials to take care of medical facilities and cleanliness in Gautam Budh Nagar and Siddharthnagar districts in view of reports of outbreak of cholera and diarrhoea the-

Pushing for an improved surveillance, Yogi said that every patient should be monitored round the clock and officials should make sure that patients receive the best of freatment while ensuring there is no shortage of medicines.

He said that the sanitation drive should be stepped up by spraying anti-larva chemicals, fogging and cleanliness drives.

According to the officials of the health department, the state government's special cleanliness compaign to curb the spread of communicable diseases and vector-borne diseases in the state has played a major role in bringing down the trunsmission levels. The officials said that the support and cooperation by the citizens in controlling the gread of seasonal diseases has also strengthened the state's fight against them.

Meanwhile, reviewing the flood situation in the state, Yogi directed the officials to compensate the farmers in case of crop loss after assessment in the next 15 days. The revenue and agriculture departments should complete this work on priority in coordination with each other, the CM said.

Farmers have decided to oust BJP: Hooda

Times News Nerwork

Lucknow: Congress MP and CWC member Deepender Singh Hoods on Thursday said that UP farmers have decided to oust the BJP in 2022 elections as it has failed to fulfil its promises.

"The Input cost of farming is sky-rocketing while the minimum support price (MSP) has been hit by inflation. The condition of farmers in UP is a cause for national concern on they are neither getting fair price for produce, nor getting respect (from the government)," Hoods told reporters in Lucknow He added that the BJP go-

vernment was macking the farmers by claiming that it has increased MSP of sugarcane. "Raising sugarcane prices by Rs 25 during its four and a half years is what the BJP government is claiming. This is no fayour to them. And by saying that it is an achievement, the government is just fooling the farmers," he said. Raising the question of stray cattle in UP. Hoods said this issue impacts every farmer of the state as they are the single biggest threat to standing crops.

An unconventional CM with focus on development, good governance

Atut Kumar Gupta

o chief mini ster in Uttar Pradesh has arrived at a moment of greater urgency than Yogi Adityunath, at least in recent decades. The man who took that outh of office seemed cut from his predecessoes-a math Mahant, a firebrand young man who became a politician and subsequently named as the chief minister, a prodigious orntor from Gorakhpur whose unconventional persons can hardly go unnoticed, iseither deeply revered or dis-

My own first and the only encounter with him as the CM was no less unconventional and fiery. Soon after assuming the reins, he started pursuing the "skeletons" of provious regimes. Sale of sugar mills seven yearn back was referred to the CIII for investigation. Peeved at the politics, rather than facts, driving his decision, I protested at an audience I had sought from him. His blunt response drew equally blunt responses from me. I told him on his face that as none in the Govermment had checked the facts before referring it to the CBI, my team would come out spotless in the agni-

This brush with Yogi notwithstanding, his focussed and resolute approach to roof out corruption, particularly in government employment and, to check high-profile crimes and criminals has been most impressive.

Crime and Justice At the outset of his term,

Yogi Adityanath had declares have remained well bered his intention to make low 10%. criminal justice reform a substantial part of his legacy. He reiterated his "zero tolerance" mantra towards corruption, criminals and gamesters. Cruckdown on gungsters has been relent-

less, booking a record numher of criminals under the Gangster Act and attaching record value of property. At the same time, as many as 139 hardened criminals were killed in exchange of fire

with police.

Handling of the state's economy speaks for Itself. The Gross State Domestic Product (GSDP) of Uttar Prodesh grew at a CAGR of around 8.43% between 2015-16 and 2020-21 to reach Rs

17.06 trillion (US\$ 204.96 hillion). The Net State Domestic Product (NSDP) grew at a CAGR of around 8.42% between 3015-16 and 2028-21 to reach Rs 15.12 trillion (US\$ 206.34 billion). It is Yogi's ambition of powering UP into a \$1 trillion economy state, behind organising one of India's higgest 'Investors Summit' in 2019 which attracted 1045 Intents with investments worth Rs 4.28 lakh

Four and a half years after occupying office, the unemployment rate of UP reached 4.4% which was the lowest it has been in a decade. The current unemployment rate in UP stands at 7.0 %. Prior to 2017, unemployment was above 18% and with the Yogi's resolute style of functioning, the figu-

Monnwhile, UP has emerged as the top investment destination and has received 98 investment proposals worth Rs 13,400 19 crore in the manufacturing sector during the past four years. The state, ranked number 2 in the country for Taxe of Doing Business', has become the hotspot for foreign investors as well.

Women Empowerment Women's empowerment

has been a quintessential subject in Yogi's development agenda. Women are seen as the catalysts for development and it is for the same reason the state government hunched its 'Mission Shakti' programme last year with the aim to croate awareness about wemen empowerment and rights and to ensure their safety, dignity, and self-reli-

The Yord government started 'Kanya Sumongula Yojana' as part of which a sum of Rs 15,000 is deposited at the time of the birth of a girl child under this programme. The initiative has benefited over 9.94 lakh girls through direct benefit transfer (DBT).

Employment

The Yogi-led government has so far given jobs to over 4.5 lakh and by the end of the government's present term, the number will cross five lakh. These government jobs are free from any corruption charges.

Building a world-class transportation system (expressways, metros) is part of what has made UP such a formidable force. Yogi has

dustrial Development Authority (UPEIDA) to build four expressways - 340-km Purvanchal, 296-km Bundelkhand, 91 km Gerakhpur Link and 594-km Genga expressway. These will brine production centres within a few hours' distance of maor consumption centres or industrial hubs; paving way for cascuding economic development of even remote ARTIN

Transparency

Transperency is central to good governance and the Yogi government has made it a cardinal rule. The state government has set a record. in timely procurement of cane and payment to sugar cane farmers besides taking a big step in giving slips to the farmers from the information technology centres. This was possible because the government had decided to set up IT centres at all the 145 sugarcane cooperative societies of the state to provide sugarcane slips to sugarcane farmers in a timely and systematic manner which has given a big relief to 4.5 cross sugarcane farmers.

The state government also implemented an online single window system 'Nivesh Mitra' in February 2018 to facilitate digital clearances to start and operate a business in the state.

The government has performed admirably in all spheres because Yogi led from the front. He has toured the state most intensively and his visits have not been ceremonial.

Dispose of patta transfer applications in 2 wks: HC

Six Lakh Applications Found To Be Pending

K.Kaushik@timesgroup.com

Madurat: Taking into account that over six lakh potta transfer applications are pending despite ourlier directions issued by it, the Madras high court has directed the state government to dispose of the pending applications within two weeks.

While disposing of a batch of petitions during October 2020. justice D Krishnakumar took serious note of the pendency of laids of patta transfer applications for several years and had issued a slew of directions to the state government to dispose them before March 2001.

Recently, when the case was

listed before the court for reporting compliance, the commissioner of land administration and the director of survey and settlement submitted status reports pertaining to the steps taken by them to dispose of the pending putta transfer applications. As per the report as many as 5,55,616 applications were pending as of March 3t. Between April and August, as many as 6,44,250 applications were received. In total 11,99,266 applications were pending as on Aumist 31. Of the total applica-

tions, 5,80,048 were disposed of and 6.13,218 were pending as of September 1. As many as 1,500 surveyors were engaged to curry out the work.

Of the total pending applications, 2,530 are pending for over a year, 1,16,409 for over six months, 1,77,962 for over three months and 3,36,167 for less than three months. Similarly, as mamy as 1.05.940 online patts transfor applications were pending us of September 1.

The state stalenatted that the commissioner of land administration has issued instructions to all the district collectors and the authorities concerned to tathe pending applications. It was also instructed to initiate disciplinary action against the officials causing delay in disposing of the applications

Taking cognizance of the status reports, Justice D Krishnakumar observed that the authorities have taken much effort. to dispose of the applications. based on the earlier directions of this court. However, there are still more than six lakh pending. Keeping these pending for more than 30 days is contrary to the directions issued by this court as well as by the government

Hence, the judge directed the commissioner of landadmi nistration and the director of survey and settlement to take steps to dispose of the pending applications within two weeks, in compliance with the earlier order passed by this court. The judge also directed the collectors to strictly comply with the Instructions issued in the circu lars, without any deviation. The Judge sought further status reports and also directed the additional director of survey and settlement to be present before

Madurai: The Tamil Nadu Sugarcane Formers Association on Thursday demanded the opening of the National Co-operative Sugar Mills at Alanganallur in Madurat. which has not been functioning for the past two years. and start crushing operations as soon as possible. The association made this demand at a conference held in Madurai.

Madurai MP Su Venkate san, who inaugurated a conference, appealed to the state government and chief minister M K Stalin to immediately take notice of the issue and act. "This year the National Cooperative Sugar Mills at Alanganallur must resume the crushing operations for the welfare of farmers. The Madural district collector and administration must take efforts to ensure it. Further, the state government must also provide a loan of ₹10 crors to

TIMES OF INDIA - NEW DELHI / AGRA EDITION Efforts on to have 1 PG med edu college in every dist: PM

'Gap In Med Education, Delivery Of Health Services Is Being Reduced'

Jappur: The government is making efforts to ensure each district of the country has a tion for post-graduate medical education, Prime Minister Narendra Modi said en Thursday.

He also said the gap in medical education and delivery of health services (sheing reduced and that the government's focus is on preventive healthcare as well as promoting asurveda and yoga.

In six years, more than 179 medical colleges have been medical colleges have been completed and work on over 100 new medical colleges is going on at a fast sace. Modi said at a irtual ceremony to mark the foundation stone laying of four medical colleges and inauguration of the Institute of Petro-Technology Bugasthun.

"The Centre is making efforts that there should be one medicul college or institution for PG (post-graduate) medical education in every district," he

PM Modi said the government was finally able to bring reforms by forming the National Medical Commission in place of the MCI

Talking about the erstwhile Medical Council of India (MCI), he said that operations used to be were allegations on its transparency These had an adverse impact on quality of medical education and delivery of health services, the prime minister said.

He said after efforts and many challenges, the govern-ment was finally able to bring reform by forming the National Medical Commission in place of

the MCL The impact of the commission is now visible. Prime Minister Modisaid,

Modi said when he becau chief minister of Guiarat 20 years ago, there were many challenges in the areas of medical infrastructure, medical education and treatment facilities. but he accepted the challenges and tried to change the situa-tion with collective efforts.

He said the shortcomings in the health sector, which he felt as a chief minister, are now being removed in the country The Centre worked on a rus-

tional approach and a new national policy to transform the builth sector, Modi said. Tiestth is a state subject and

know what difficulties are there, because I was also a chief minister. We worked on that. The problem here was that the health system was divided and there was a lack connectivity and collective approach at the national level, he said.

"There was also a gap in traditional and modern medicine

systems, and the shortcomings in governance also needed to be rumoved. Therefore, we started working on a new national health-policy," he said.

Theprimeministersaidtha from Swacish Bharat Abhiyan to Ayushman Bharat and now, Awashman Bharat Digital Mission, many such efforts are belater made.

spread the network of health care facilities across the country he said be it AHMS or medirail colleges it is very important to spread their network rapidly to every nock and corner of the country

Today we can say with satis-faction that India is moving from six AHMS (All India Institute of Medical Sciences) to a strong network of more than 22 AIIMS," he said.

In 2014, the total seats for under-graduate and post-graduate medical studies in the country was close to \$2,000, which has new increased to 1.40 lakh, Modi

Mutual trust is strength of democracy: PM

Jaipur: Prime Minister Norendra Mo di on Thursday said mutual trust de spite different ideologies is the strength of democracy Responding to Rajasthan Chief Minister Ashok Gehlat's requests regarding a few projects for the develop-ment of the state during a virtual programme, Modi thanked the veteran Congress leader for having faith in him.

'I was listening to the chief mimirton of Rajaethan. He has given a long list of projects. I thank the chief minister of others that he has so much faith in me.His ideology (political) party are different and my ideology party are differ ent but this friendship, trust and faith is abig strength of democracy," he said

Addressing the programme for the frandation by ingof medical colleges in Banswara, Strohi, Hanumangarh and Decadestricts and the Imaguration of the Institute of Petrochemicals Tech nology in Jaipur, Geblot requested the prime minister to approve a medical de vice park in Jodhpur and a bulk drug park in Kota. He also sought the Union government's support to revive drugmanufacturing company RDPL which was a joint venture of the Centre and the state. Talking shout the challenges in service delivery, Gehlet said due to dis tances, the service delivery cost, be it in health or in the education sector, from district to district and village to village is high in Rajasthan as compared to oth

Consider resident OCI's children for | ED confiscates ₹13lcr admission to MBBS courses: SC

Dhanesjay.Mahapatra

New Delhi: The Supreme Court on Thursday asked the Notional Test ing Agency to declare the NEET UG results of children of resident-Overseas Citizens of India (OCIs) and or-dered the authorities to consider them for admission to MBBS courses in government medical colleges.

This order from a bench of Jus-tices S Abdul Nuseer and Krishna Murari came on a bunch of pet-itions filed by children of OCI parents, who have been residing in In-dia for the past seven to 17 years, challenging a notification barring them from competing for general category MBBS sents in government medical colleges.

Appearing for the petitioners, se-nior advocates. Vilius Singh and Devadatt Kamat told the bench that after the new notification of the government, "the probability of getting a medical seat has gravely dimin-shed, rather vanished and even if they get one, the same would come at such an excebitant cost (running into crores), that their parents, who are all working in India for the past

The resident-OCI parents' children had said that fees of NRI seats are exorbitant and for their parents to bear the sudden astronomical increase in cost would be

impossible more than a decade and who are earning in Indian rupees and also paying tures, would not be able to affirst the same, hence practically making it impossible to pursue their careors in what they aspire and long for Le medical profession."

After hearing additional solic-itor general Aishwarya Bhati, the bench told the OCI petitioners. "You want to base the best of both countries. Though you have been staying in India for 7-8 years, you have not taken up Indian citizenship, which makes your allegiance to the country suspect. Non-liesident bullans that way are better. Though an NRI works and earns abroad, he main-tains his allegiance to the country."

"The other possible fear of the

povernment emunates from the fact that since you have not given your cl tizenship of a foreign country, your children will use the resources (medical seats) of India and then run away to the foreign country to earn more," the bench said before allowing the children of resident OCIs to be considered for admissions against general category seats for this academic year only.

The resident-OCI parents' chil-dren had said that free of NRI sents are exorbitant and for their parents to bear the sodden astronomical in crease in cost would be impossible and even if they are able to make suitable arrangements, that would make them totally broke.

The petitioners said that their parents are working in India, and some of whom are rather Indian ci-tizens, and they are also contribut ing to the growth of the country earning salary in Indian rupees and paying direct and indirect taxes to the nation. Some of the petitioners, though their parents are lociton citizers, are OCIs since they were been out of India when their parents were posted for work or education

'Border incidents will continue till a boundary pact is reached'

New Delhi: India and China will continue to have border incidents till the two countries reach a boundary agreement, Army chief Gener-al M. M. Naravame said on Thursday, while stressing the armed forces were well-prepared. to tackle any 'misadventure' on the line of actual-control

The Indian armed forces are also keeping close tabs on the developments in Afghanistan after the Tabban take-over in mid-August, with the Army being fully ready to thwort any terror challenge in the backdrop of Pakistan trying to push in more terrorists into JA-K.

Developments along the LAC (in eastern Lodalch) have added to the ongoing legacy chal-lenges on India's active and disputed borders on the western and eastern fronts," said Gen Norsthe PHDCCI. The unprecedented developments necessitated large-scale resource mobilisation, orchestration of forces and immediate response by the Indian armed forces, and all under the overhang of the Covid-19 pandemic,

Noting that there was "an outstanding bor-Such kinds of incidents will continue to oc-

lution is reached - that is to have a boundary agreement. That should be the thrust of our efforts so that we have lasting peace along our northern borders, "headded.

Asked about the Pakistan-China nexus in Afishanistan, Gen Naravane sald India continues to carry out periodic evaluation of threat perceptions. "Based on those evaluations, we ulate strategies and doctrines that are needed to meet future threats. This is a continuous process that never stops." he said.

As far as the terrorist threat is concerned the Army is "ready to meet" all challenges. "We have a very robust and dynamic counter-insurgency and counter-terrorist grid in J&K. It is a dynamic grid based on threat secreptions and neighbour (Pakiston) to pash in more and more terrorists," he said. Referring to the need to invest and induct "new and disruptive technologies", the Army chief said the that 'long-drawn procurement processes and bureaucratic speed-breakers" would prevent the military from acquiring cutting edge technologies. Though much efforts have been made to bring about systemic changes with the aim of ease of doing business, it however remains a work in progress.

India understands AUKUS complements Quad: Oz PM

New Delhi: Australia says both India and Japan under-stand that AUKUS comple-ments the Quad and support the security pact.

In a press conference with Indian media in Australia, Prime Minister Scott Morrison said, "There was a very warm embrace of the AUKUS announcement by our Quad partners, Narendra and Yoshi (Yoshihide Suga) totally undecistood and supported what we were seeking to arbieve there. And they totally were positive about how it comple mented the Quad."

The AURUS partnership, stressed is a "security and defence partnership" among formal allies.

"So what was great in the

Quad when I spoke to both Prime Ministers before the announcement, the day before, they were pretty much there at hello. They totally understood it, understand its strategic signiffcance, the direction, how it was going to help and add to what we're all doing. And I thought that was very positive. I think that just showed the instinctive nature of that Quad partnership. We sort of all region in such binary terms."

and how we're operating. Morrison said he was preparing for a visit to New Delhi

That will be particularly important because it marks a significant milestone of India's 15th year of independ-ence. Australia would very much want to be there to mark such an important milestope for such a dear and close friend."

Answering a question on China's reaction to the Quad, Morrison said, "Our objective in working together is to ensure that we promote a free and open Indo-Pacific, and every body who wants to participate in that, including China, is a welcome partner in that couse. We don't really want to see the

Efforts on to have 1 PG med edu college in every dist: PM

'Gap In Med Education, Delivery Of Health Services Is Being Reduced'

Jappur: The government is making efforts to ensure each district of the country has a tion for post-graduate medical education, Prime Minister Narendra Modi said en Thursday.

He also said the gap in medical education and delivery of health services (sheing reduced and that the government's focus is on preventive healthcare as well as promoting asurveda and yoga.

In six years, more than 179 medical colleges have been medical colleges have been completed and work on over 100 new medical colleges is going on at a fast sace. Modi said at a irtual ceremony to mark the foundation stone laying of four medical colleges and inauguration of the Institute of Petro-Technology Bugasthun.

"The Centre is making efforts that there should be one medicul college or institution for PG (post-graduate) medical education in every district," he

PM Modi said the government was finally able to bring reforms by forming the National Medical Commission in place of the MCI

Talking about the erstwhile Medical Council of India (MCI), he said that questions used to be were allegations on its transparency These had an adverse impact on quality of medical education and delivery of health services, the prime min-

He said after efforts and many challenges, the govern-ment was finally able to bring reform by forming the National Medical Commission in place of

the MCL The impact of the commission is now visible. Prime Minister Modisaid,

Modi said when he becau chief minister of Guiarat 20 years ago, there were many challenges in the areas of medical infrastructure, medical education and treatment facilities. but he accepted the challenges and tried to change the situa-tion with collective efforts.

He said the shortcomings in the health sector, which he felt as a chief minister, are now being removed in the country The Centre worked on a rus-

tional approach and a new national policy to transform the builth sector, Modi said.

Tiestth is a state subject and know what difficulties are there, because I was also a chief minister. We worked on that. The problem here was that the health system was divided and there was a lack connectivity and collective approach at the national level, he said.

"There was also a gap in traditional and modern medicine

systems, and the shortcomings in governance also needed to be removed. Therefore, we started working on a new national health-policy," he said.

spread the network of health care facilities across the country he said be it AHMS or medirail colleges it is very important to spread their network rapidly to every nock and corner of the country

Today we can say with satis-faction that India is moving from six AHMS (All India Institute of Medical Sciences) to a strong network of more than 22 AIIMS," he said.

In 2014, the total seats for under-graduate and post-graduate medical studies in the country was close to \$2,000, which has now increased to 1.40 lakh, Modi

Mutual trust is strength of democracy: PM

Jaipur: Prime Minister Norendra Mo di on Thursday said mutual trust de spite different ideologies is the strength of democracy Responding to Rajasthan Chief Minister Ashok Gehlot's requests regarding a few projects for the develop-ment of the state during a virtual programme, Modi thanked the veteran Congress leader for having forth in him.

'I was listening to the chief minurisc of Rajasthan. He has given a long list of projects. I thank the chief minister of others that he has so much faith in me.His ideology (political) party are different and my ideology party are differ ent but this friendship, troot and faith is

abigstrength of democracy," be said Addressing the programme for the frandation laying of medical colleges in Banswara, Strohi, Hanumangarh and Duese districts and the Imaguration of the Institute of Petrochemicals Tech nology in Jaipur, Gehlot requested the prime minister to approve a medical de vice park in Jodhpur and a bulk drug park in Kota. He also sought the Union government's support to revice drugmanufacturing company RDPL which was a joint venture of the Centre and the state. Talking shout the challenges in service delivery, Gehlot said due to dis tannes, the service delivery cost, be it in health or in the education sector, from district to district and village to village is high in Rajasthan as compared to oth

Consider resident OCI's children for | ED confiscates ₹13lcr admission to MBBS courses: SC

Dhanesjay.Mahapatra

New Delhi: The Supreme Court on Thursday asked the Notional Test ing Agency to declare the NEET UG results of children of resident-Overseas Citizens of India (OCIs) and or dered the authorities to consider them for admission to MBBS courses in government medical colleges.

This order from a bench of Jus-tices S Abdul Nuseer and Krishna Murari came on a bunch of pet-itions filed by children of OCI parents, who have been residing in In-dia for the past seven to 17 years, challenging a notification barring them from competing for general category MBBS sents in government medical colleges.

Appearing for the petitioners, se-nior advocates. Vilius Singh and Devadatt Kamat told the bench that after the new notification of the government, "the probability of getting a medical seat has gravely dimin-shed, rather vanished and even if they get one, the same would come at such an excebitant cost (running into crores), that their parents, who are all working in India for the past

The resident-OCI parents' children had said that fees of NRI seats are exorbitant and for their parents to bear the sudden astronomical increase in cost would be impossible

more than a decade and who are earning in Indian rupees and also paying toxes, would not be able to affirst the same, hence practically making it impossible to pursue their careors in what they aspire and long for Le. medical profession."

After hearing additional solic-itor general Aishwarya Bhati, the bench told the OCI petitioners. "You want to base the best of both countries. Though you have been staying in India for 7-8 years, you have not taken up Indian citizenship, which makes your allegiance to the country suspect. Non-liesident bullans that way are better. Though an NRI works and same abroad, he main-tainshis allegiance to the country"

"The other possible fear of the

povernment emunates from the fact that since you have not given your cl tizenship of a foreign country, your children will use the resources (medical seats) of India and then run away to the foreign country to earn more," the bench said before allowing the children of resident OCIs to be considered for admissions against general category seats for this academic year only.

The resident-OCI parents' chil-dren had said that free of NRI sents are exorbitant and for their parents to bear the sodden astronomical in crease in cost would be impossible and even if they are able to make suitable arrangements, that would make them totally broke.

The petitioners said that their parents are working in India, and some of whom are rather Indian ci-tizens, and they are also contribut ing to the growth of the country earning salary in Indian rupees and paying direct and indirect taxes to the nation. Some of the petitioners, though their parents are lociton citizers, are OCIs since they were been out of India when their parents were posted for work or education

'Border incidents will continue till a boundary pact is reached'

New Delhi: India and China will continue to have border incidents till the two countries reach a boundary agreement, Army chief Gener-al M. M. Naravame said on Thursday, while stressing the armed forces were well-prepared. to tackde any 'misadventure' on the line of actual-control

The Indian armed forces are also keeping

close tabs on the developments in Afghanistan after the Tabban take-over in mid-August, with the Army being fully ready to thwort any terror challenge in the backdrop of Pakistan trying to push in more terrorists into JA-K. Developments along the LAC (in eastern

Lodalch) have added to the ongoing legacy chal-lenges on India's active and disputed borders on the western and eastern fronts," said Gen Norsthe PHDCCI. The unprecedented developments necessitated large-scale resource mobilisation, orchestration of forces and immediate response by the Indian armed forces, and all under the overhang of the Covid-19 pandemic,

Noting that there was "an outstanding border issue" with China, the Army chief, "We are well prepared to meet any misadventure that may occur as we have demonstrated in past."

Such kinds of incidents will continue to oc-

Asked about the Pakistan-China nexus in Afishanistan, Gen Naravane sald India continues to carry out periodic evaluation of threat perceptions. "Based on those evaluations, we ulate strategies and doctrines that are needed to meet future threats. This is a continuous process that never stops." he said.

As far as the terrorist threat is concerned the Army is "ready to meet" all challenges. "We have a very robust and dynamic counter-insurgency and counter-terrorist grid in J&K. It is a dynamic grid based on threat perceptions and neighbour (Pakiston) to pash in more and more terrorists," he said. Referring to the need to invest and induct "new and disruptive technologies", the Army chief said the that 'long-drawn procurement processes and bureaucratic speed-breakers" would prevent the military from acquiring cutting edge technologies. Though much efforts have been made to bring about systemic changes with the aim of ease of doing business, it however remains a work in progress.

India understands AUKUS complements Quad: Oz PM

both India and Japan under-stand that AUKUS comple-ments the Quad and support the security pact.

Indian media in Australia, Prime Minister Scott Morrison said, "There was a very warm embrace of the AUKUS announcement by our Quad partners, Narendra and Yoshi (Yoshihide Suga) totally undecistood and supported what we were seeking to arbieve there. And they totally were positive about how it comple mented the Quad."

The AURUS partnership, stressed is a "security and defence partnership" among formal allies.

"So what was great in the

Quad when I spoke to both Prime Ministers before the announcement, the day before, they were pretty much there at hello. They totally understood it, understand its strategic signiffcance, the direction, how it was going to help and add to what we're all doing. And I thought that was very positive. I think that just showed the instinctive nature of that Quad partnership. We sort of all region in such binary terms."

and how we're operating. Morrison said he was preparing for a visit to New Delhi

That will be particularly important because it marks a significant milestone of India's 15th year of independ-ence. Australia would very much want to be there to mark such an important milestope for such a dear and close friend."

Answering a question on China's reaction to the Quad, Morrison said, "Our objective in working together is to ensure that we promote a free and open Indo-Pacific, and every body who wants to participate in that, including China, is a welcome partner in that couse. We don't really want to see the
